6. Review of current regulations and any proposed changes for next season. girls non-public volleyball classifications to your committee meeting agenda. The total number of girls volleyball non-public schools is now at 52...which is consistent with softball, soccer, cross country, and basketball. So, we should add a north and south section to each Non-Public A and Non-Public B – each group is currently one statewide classification.
7. New Business-Frank Noppenberger made a motion to divide boys volleyball into sections North I, North II, Central, South. Motion was seconded by Andrew Hopman. It was discovered in looking at the number of teams that we currently don't have enough teams for this to be possible. NJSIAA will continue to look at the numbers and as soon as this is possible, it will be implemented.
