

2024-25 Boys & Girls Indoor Track & Field Tournament

NJSIAA reserves the right to adjust, change or cancel dates, times, and locations for all NJSIAA State tournaments. Schools entering the tournament will not be granted a change of date/time due to any conflicts with school trips, proms, banquets, SATs, unless agreed upon by both schools. During the spring tournament season, we will make every effort to accommodate schools that have a conflict with their graduation.

Member schools will not be eligible to participate in any NJSIAA Tournaments if it has violated the NJSIAA Constitution, Bylaws, Rules, Regulations, Guidelines, Policies, or Procedures. Any student-athlete who transfers after the competition start date will not be eligible for this tournament (Bylaws, Article V, Section 4.K. 5).

Schools are to be reminded of the 3-team DQ rule for state tournament eligibility, which states “Any varsity team accumulating three or more player or coach disqualifications prior to the team’s participation in the state tournament will not be permitted to participate in the state tournament.”

The NJSIAA will follow the procedure below for schools that are disqualified from state tournament competition:

1. If a school is disqualified, either for the use of an ineligible player or violating the 3-team DQ rule, from state tournament competition after the tournament has been seeded but prior to the bracket being final, then the bracket will be reseeded and the next ranked school who entered the tournament will be included.
2. If a school is disqualified, either for the use of an ineligible player or violating the 3-team DQ rule, from state tournament competition after the tournament has been seeded and after the bracket is final, then the bracket will not be reseeded, and no additional school will be included.
3. If a school is disqualified from state tournament competition due to the use of an ineligible player during the state tournament, then the school will be removed from the tournament immediately and their last opponent will advance in their place.

Schools participating in any NJSIAA tournament are responsible for the actions and behaviors of their spectators. Schools are required to provide adequate staff security to ensure there is proper oversight of their spectators. In addition, schools are financially responsible for any damages to the property or premises caused by their student-athletes, staff, or spectators (spectators include, but are not limited to, cheerleaders, marching band participants, students, and other fans).

NJSIAA requires Certified Athletic Trainers at all its tournament events. The ATC must document all injuries on an injury report form. This form must be available to the NJSIAA upon request.

Member schools not willing or able to comply with these tournament regulations and any relevant procedures found in the Operating Procedures Handbook should not enter the tournament. Member schools are encouraged to review these tournament regulations with the school administration. Coaches must have a copy of these regulations as well as a copy of the Rule Modifications (if any) for this tournament available at all contests. Copies of these documents are available on the NJSIAA website.

New for This Year's State Tournament

- We have decided to allow three (3) entries per event for all events at the public-school sectional meets and the non-public school group meets. We will also permit three (3) alternates for each individual event totaling 6 names per event. For the 4x400 relay, we will permit 8 names per entry.
- The public-school sectional meets have been scheduled across 12 separate dates - prior years used 8 separate dates. Therefore, we feel the schedule will better accommodate this change. We will continue to evaluate our public-school sectional meets to make appropriate adjustments as needed in future seasons.

1. Seeding procedures for the State Relay Championship, the Sectionals, the State Group Championships, and the State Championships (Meet of Champions) have been established by the NJSIAA Track Committee.
2. There will be no additions or re-seeding when an event has been declared closed.
3. No updated seeds will be accepted after the entry deadline for each of the relays, sectionals. Updated seeds will be accepted as per the regs for the Meet of Champions on page 4 item 13.
4. In all meets, the highest-seeded sections will go last. This includes both track and field events.
5. All seeds must be from the current season. (Last season times are not acceptable.)
6. No outdoor seeds or relay splits will be accepted.
7. Seeds must have been done on 200m or 400m tracks at the correct distances. No converted times (example: a converted 1500-meter time is not acceptable for the 1600 meters; however, conversions from a mile or two miles to 1600 and 3200 will be accepted.) in meets involving five or more teams of the same gender. The only exception would be meets with less than five teams that use fully automatic timing.
8. Only fully automatic times will be accepted.
9. MileSplit will be used to create a verification list of running event relays and will be used as a basis for seeding the meets.
10. A performance list of the relay/contestants in the State Relays, Public Sectionals, and Non-public Group meets will be displayed at the clerking table on the day of each meet.

11. There will be no semi-finals in the Group Meet. Advancement from the trials will be based on time only as long as fully automatic timing is available.
12. State Relays:
 - Coaches are to check in each Relay (in Relay Championships) or each contestant which indicates the athlete's best time/height/distance from the current season based on those submitted entries via MileSplit.
 - The relay teams/contestants will check in with the clerk (or field event judge). Heats (or flights in field events) will be determined from the performance list. If no time/distance/height is provided on the list, the relay team/contestant will not be seeded. Seeding for final heats will be determined by time from the list and/or trials. Once a contestant checks in, the contestant is considered as having competed whether or not he/she actually does.
 - Athletes MUST Check in with clerk and be escorted to the line by the line clerk(s).
13. Meet of Champions
 - Seeding for the Meet of Champions will be determined based on the results of the State Group times in the finals of running events and the best efforts in the field events and will constitute the only criterion.
 - In the field events, State Group results will be used to determine flights and order of performance.
 - For running events only, the clerks will give each runner two hip numbers, which are to be worn on the left hip and the left chest. Please caution athletes to dispose of these hip numbers properly.
 - Meet of Champions seeding will be done on time, unless coaches of State Group winners file for advancement in seeding, based on a verified, previous performance. This must be done by Noon February 28, 2023.

20. No admittance to Bennett Center until one (1) hour before the start of your meet.
21. Any cancelations or postponement dates will be communicated via the NJSIAA website @ www.njsiaa.org

Coaches Restrictions

1. Coaches are not to enter the running area, or the field event areas, during the meet, and they are not permitted to communicate with their contestants in these areas. This rule will be enforced and may result in the disqualification of the contestant.
2. A "coaches box" will be established near the finish line if possible. To use this box, each coach must wear his/her coach's pass (provided) in such a way that it is clearly visible to security personnel. The coaches' passes are to be used for identification purposes only. They are not admission tickets. No food or drinks are allowed in coaches' boxes.
3. A second "coaches' box" will be established on the infield between the high jump pits and pole vault. Its only purpose is to allow the coaches to observe their jumpers. Contestants may come over to the box and talk with their coaches, but coaches must remain in the "box." To use this box, each coach must wear his/her coach's pass (provided) in such a way that it is clearly visible to security personnel. The coaches' passes are to be used for identification purposes only. They are not admission tickets. No food or drinks are allowed in coaches' boxes.

Contestant Entry Procedure

1. Each competitor is assigned a new athlete number, at each level of the state meets. Cards will not be used for any of the running events.
2. The coach will provide all information for entry into the track events through the MileSplit entry process. Coaches are strongly encouraged to enter the maximum number allowed in each event. (4 entries in the individual events of which only 2 may participate, 3 individual event wildcard entries in the wild card division, and 8 entries in the running relays of which only 4 may participate, and 4 entries in the field event relays of which only 2 may participate)
3. Special Cards will be used for the field events (High Jump, Pole Vault, and Shot Put). Coaches must enter their athletes through the MileSplit entry process. Again, coaches are reminded to enter the maximum number of athletes allowed in these events (4 entries in each event of which only 2 may participate)
4. Check-in process and Reporting
 - a. Teams must have entered both the MileSplit process and submitted an NJSIAA entry form to be listed on the performance list.
 - b. The performance list of events will be generated from the coach's information and located at the clerking table for the running events. The check-in for the field events is at each event site. Coaches need to check-in each athlete and inform the officials which athletes will be competing.
 - c. **WE ARE HIGHLIGHTING ANY ATHLETE PARTICIPATING.** If athletes are left unhighlighted they can and will be scratched from those events.
 - d. Athletes **must report back** to the clerking area for their numbers and lane assignments.
 - e. Once an event is closed, the performance sheet is passed to the timer's table and is re-seeded based on that information. All athletes listed on this sheet are considered to have entered the event, and it becomes one of the four events in which they may participate. Athletes are then called to report for the event.
 - f. The updated event sheet is given to the clerk to assemble the athletes, and give them their heat assignments, lane assignment, and hip numbers.
 - g. The line clerk will organize the athletes, check uniforms, and guide them to the track.
 - h. The field event check-in process has the coach pick up a blank field card and a pre-printed label for each athlete from the official. The coach then must submit the completed card to the field event official. The coach must sign the Pole Vault card to verify the weight of the vaulter.
 - i. Once an event is closed there will be no changes or additions
